The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.PSEWTrusts.com or call 1-866-314-4239. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-866-314-4239 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$300 per person / $600 per family for network providers; $800 per person/ $1,600 per family for out-of-network providers. The network and out-of-network deductibles are separate and do not accumulate together.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care from network providers, skilled nursing facility care, home health care, hospice care, foot orthotics, diabetic education, and treatment of an accidental injury if treatment begins within 72 hours of the injury are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Medical: network providers $5,500 per person / $11,000 per family; no out-of-pocket limit for out-of-network providers. Prescription drug: $1,350 per person / $2,700 per family for network prescription drug copays; no out-of-pocket limit for out-of-network prescription drug copays. Out-of-pocket limits are calculated on a calendar year basis.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, deductibles, coinsurance and copays for out-of-network providers, balance billed charges, prescription drug copays for out-of-network pharmacies, penalties for failure to obtain preauthorization, health care this plan does not cover.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.

Will you pay less if you use a network provider?	Yes. See www.premera.com or call 1-800-BLUE (2583) for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
