RE: Telemedicine – Extension of Coverage

This is a Summary of Material Modification describing changes to your health plan adopted by the Board of Trustees. Please be sure that you and your family read it carefully and keep this document with your Summary Plan Description Booklet.

Effective January 1, 2026, the Trust will incorporate ongoing coverage for medically necessary charges for telephonic, online, or other consultations where the patient is not physically present with the physician or other Covered Provider at the time of the consultation as any other office visit under standard benefits. The benefit expansion will allow coverage for telephonic or other virtual care visits subject to the annual deductible and coinsurance benefits, as follows:

1. For a real-time interactive telephone or audio/video consultation (telehealth/telemedicine) to be covered, the consultation must be diagnosis and treatment focused via a live discussion or video exchange with ongoing participation by the patient and the provider throughout the visit.
2. Reimbursed up to the Allowed Amount as defined in the Summary Plan Description.

If you have questions on which specific dollar bank threshold apply to your account or questions regarding the information included in this notice, please contact the Administration Office at (866) 314-4239.
